

DES 220 - Interaction Design

Fall 2026 | Design

Professor: Prof. Davis (davis@university.edu)

Office hours: Friday 2:00-3:30 PM, Studio B

Late policy: Studio critiques cannot be late; project work loses a letter step per day.

Studio course. You will research, prototype, test, and ship a small interaction. Critiques are in person in the studio. The project due in October is a major deadline and often collides with other midterms.
